I am writing this letter to support Clean & Beautiful Cleveland Block 2 Block in their efforts to reduce litter on Cleveland's Southeast side. We are also in support of their education campaign and effort to work with residents to beautify their neighborhoods and maintain flowerbeds along Kinsman Avenue and other City of Cleveland owned properties.

Clean & Beautiful Cleveland Block 2 Block has also engaged many volunteers in cleanup and beautification projects in the Mount Pleasant neighborhood. Additionally, the City of Cleveland and Clean & Beautiful Cleveland Block 2 Block have jointly spoken to many children at schools and summer camps throughout Cuyahoga County about recycling and sustainability.

We believe the litter reduction and beautification program created by the Clean & Beautiful Cleveland Block 2 Block is effective and impactful. Their goal of a litter-free and beautiful city aligns with those of the City of Cleveland. We support their efforts, and we believe that your financial support of this organization is a significant investment in the future; not only the future of the Mt. Pleasant neighborhood, but that of the entire City of Cleveland.

Sincerely,

Frank D. Williams, Director
Department of Public Works
